**White Stuff** clothing is one well known brand to take up residence at Canterbury Court and have created an amazing head office incorporating lavish amounts of style and quirky design ideas.

**For White Stuff, Canterbury Court** is an inspiring place to work. They love the wind turbines which provide renewable energy for the building and the fact that they can hire an electric car, from the onsite garage, to pop to meetings. The new White Stuff showroom itself is a small high street, where each shop-front (with names like *1 Kennington, 2 Canterbury and 3 Oval engraved on porcelain plaques*) is home to a different seasonal collection.

The company will be opening another five stores before Christmas, to meet ever-increasing customer demand, and will be re-launching their website this autumn [www.whitestuff.com](http://www.whitestuff.com).
